

Annex 1 - Bioceb 17 strategic Associated Partners

| Institutions | Type of partners | | | Activity | Role in Bioceb | | | | | | |
|--|------------------|----------|-----------------------|---|----------------|-----------------|------------------|-----------------|---------------|-----------|----------------|
| | Socio-economic | Academic | Research and training | | Training | Infrastructures | Invited scholars | Master's thesis | Employability | promotion | Advisory Board |
| ÄIO - ES | x | | | Start-up producer of edible fats and oils from agricultural and wood industry side-streams located in TalTech. | x | x | x | x | x | | |
| AS Estonian Cell - Estonia | x | | | Wood pulp producer SME in line with sustainable development principles. | x | x | | x | | x | |
| Bio Base Europe Pilot Plant (BBEPP) - BE | x | | | Service provider for process development, scale-up and custom manufacturing of bio-based products and processes. | | | | x | x | | |
| Bioeconomy For Change (B4C) – FR | x | | | Bioeconomy cluster of 500+ members including SMEs and industries in a wide range of sectors (cosmetics, materials, chemistry...). | x | | x | x | | x | x |
| Center of Food and Fermentation Technologies (TFTAK) – ES | x | | | Privately-owned contract research organisation focusing on developing innovative solutions for the food and biotechnology industry. | x | x | x | x | x | x | |
| AgroParisTech Foundation - FR | x | | | Public utility Foundation financing and supporting project leaders in the AgroParisTech ecosystem, creation of research programs, teaching and spreading all the knowledge, finances student scholarships, encourages solidarity and civic engagement, and supports entrepreneurship. | x | | | | x | x | |
| Lesaffre International SARL – FR | x | | | Multinational (based in 50+ countries, 2B€ turnover) company specialised in yeasts and fermentation | x | | x | x | x | | |
| National University of Colombia (UNAL) Manizales, Institute of Biotechnology and Agroindustry – CO | | x | | National public research university in Colombia, conducting activities related to innovation in industrial biotechnology, agroindustry and food industry. | x | x | x | x | x | x | x |
| National Laboratory of Energy and Geology (LNEG) - PT | | | x | R&D institute oriented to meet the needs of society and business in the field of energy (including bioenergy) and geology with a focus on sustainability | x | x | x | x | x | x | x |
| National Research Institute for Agriculture, Food and the Environment (INRAE) - FR | | | x | French leading public research institute working for the coherent and sustainable development of agriculture, food and the environment. | x | x | x | x | x | | |
| Neoma Business School - FR | | | x | Chair in Bioeconomy & Sustainable Development supporting a multi-disciplinary team of researchers focusing exclusively on the bioeconomy, conducting leading research on economy-management of the ecological transition | x | x | x | | | | |
| Norwegian Institute of Bioeconomy Research (NIBIO) – NO | | | x | Large research institutes, contributing to food safety and security, sustainable resource management, innovation and value creation through research and knowledge production | x | | | x | | | x |
| Rensselaer Polytechnic Institute (RPI) – US | | x | | Center for Biotechnology and Interdisciplinary Studies (CBIS), committed to innovative, interdisciplinary, biotechnology-based research and workforce development. | x | | x | x | | | |
| Technical Research Centre of Finland VTT - FI | | | x | Finnish leading research and technology organization, with a core bioeconomy expertise and a focus on sustainability. | x | x | x | x | x | x | x |
| University of Eastern Finland (UEF) - FI | | x | | Represents the European Bioeconomy University, alliance of 6 European HEIs tackling transition to the Bioeconomy by educating a new generation of experts, fostering rigorous, relevant and responsible research, and transferring knowledge into society and the economy. | x | | x | x | | | |
| University of Nairobi – Faculty of Agriculture - KE | | x | | Faculty actively engaged on generating research and innovations in the agri-food sector including agro-processing and value addition. | x | | x | x | | x | |
| Viru Keemia Grupp (VKG Fiber) – ES | x | | | Private large-scale industrial enterprise, focusing on oil shale mining, shale oil, combined heat and power production and production and marketing of fine chemical products, planning to establish bioproducts factory in Estonia. | x | x | x | x | x | | x |
